Profile

Software Engineer with over three years of professional experience and strong expertise in Full-Stack Web Development. Experienced in building scalable, responsive, and user-friendly web applications using React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Node.js, Python, PHP, MySQL, Supabase, and Firebase.

Currently expanding expertise in DevOps Engineering through hands-on experience with Linux, Git, Docker, CI/CD pipelines, GitHub Actions, Nginx, cloud fundamentals, and automation. Passionate about solving real-world problems through modern software engineering while continuously learning emerging technologies.

Work Experience

Software Support / DevOps Engineer

Kifaax Technology Center | June 2022 – 2024

Maintained software systems and IT infrastructure. Assisted with software deployment and CI/CD implementation. Collaborated with development teams to improve application reliability. Monitored systems, diagnosed issues, and optimized performance. Supported automation and software maintenance processes.

Marketing Intern

Somtel Marketing Department | 8 Months

Assisted with marketing campaigns and conducted customer and market research. Supported promotional events and customer engagement initiatives. Gained cross-functional understanding of technology-driven business operations and client communication strategies.

Education

Golis University | Expected 2026

Bachelor of Software Engineering

Macrif Secondary School | 2018–2019

Secondary School Certificate

Tisqaad Center of IT

Computer Application Certificate

Featured Projects

ANPR System

AI-powered traffic monitoring with real-time vehicle detection, license plate recognition & violation tracking. Stack: React.js, Python, YOLO, OpenCV, MySQL

Cargo Management

Full cargo platform for shipment registration, tracking & delivery management. Stack: React.js, Node.js, MySQL

Technical Skills

Frontend: React.js, JavaScript DevOps: Linux, Git, ES6+, HTML5, CSS3, Tailwind Docker, CI/CD, GitHub CSS Actions, Nginx
Backend: Node.js, Express.js, Tools: VS Code, Postman, Python, PHP, REST APIs XAMPP, npm, Vite
Databases: MySQL, Languages: Somali Supabase, Firebase (Native), English, Arabic
